

The Best Care,
IN THE
Best Place

RESIDENTIAL | NURSING | RESPITE | DEMENTIA

A PLACE FOR FAMILY & FRIENDS

Welcome

Kilburn Care Home is located in the village of Kilburn, near Belper in the Amber Valley. We are a specially designed modern care centre with 47 rooms offering Residential, Nursing, Respite and Dementia care.

Our kind and dedicated team is at the heart of our care at Kilburn: we like to relate to each resident's viewpoint and help them to make the life that is most fulfilling for them. Our approach is simple, we want you to continue life the way you wish, with as little or as much care and support as required. The team here are committed

to enhancing your well-being where possible and ensuring that you feel safe, comfortable and at home. We understand that no one care plan fits all and that's why we take the time to get to know you and devise a plan which fits your specific needs. At Kilburn we provide one-on-one attention and care.

"I have been extremely pleased with the care and attention provided and the pleasant manner of every single member of staff. I would find it difficult to imagine anywhere better and I would like to thank everyone involved"
Brother of Resident

We Care Like Family

Kilburn Care Home is here to ensure that there is the opportunity for you or your loved one to continue to live a life of fulfilment and engagement through our facilities and activities programme.

We want residents to enjoy every moment with us, whether this is indulging in their passions, learning a new hobby or enjoying the varied activities that we provide. We promote and encourage a diverse lifestyle and simply do not have a 'passing time' outlook on life. We encourage you to bring personal belongings with you and ensure that your living space is as

personal to you as you wish. This includes furniture, ornaments or photographs from home. At Kilburn you'll find arts and crafts, gentle exercise and a range of therapies to bring a smile to each day. As much as we love our Home, we like to get out and about with a few excursions too. We feel that life here at Kilburn is all about balance, preference and comfort.
